

Inclusive Sourcing Program Frequently Asked Questions

How does a supplier do business with Upwork through the Inclusive Sourcing Program?

To be considered for business with Upwork through the Inclusive Sourcing Program, your company must meet the requirement as one of the certified supplier classifications listed on our [Inclusive Sourcing](#) page. If your company has met our certification requirement, we encourage you to register with our program through the [Supplier Registration Form](#).

I have begun the registration process, but I did not receive any confirmation. Is my company in the database?

After completing your registration, you should receive a pop-up stating that your registration is complete. You will not receive a confirmation email. If you did not receive this pop-up, please submit your registration again.

What happens after I register?

After you've completed your registration, your information will be stored in our database, which is accessible to all Upwork employees. If there's a sourcing opportunity, our buyers and sourcing staff will access this database to search for suppliers.

If your company matches with the products or services we are sourcing, you may be contacted to submit additional information. To increase the likelihood of matching our search criteria, we recommend suppliers include a brief overview or capabilities statement about their company during registration.

Who do I contact if I have questions about my registration?

If you have a question about your registration, you may contact us at

inclusivesourcing@upwork.com. If you have a question about certification or registration requirements, this information is available on our [Inclusive Sourcing webpage](#).

Where do I find more information on the certifications Upwork prioritizes?

- Minority-owned businesses: www.nmsdc.org
- Women-owned businesses: www.wbenc.org
- LGBTQ-owned businesses: www.nglcc.org
- Veteran-owned businesses and service-disabled veteran businesses:
